## OBJECTIVE

---

Experienced software developer with 1.2 years of expertise in Java, HTML, CSS, JavaScript, React, and SQL/PLSQL. Proven ability to design and develop robust applications, including hands-on experience with ASP.NET. Seeking a challenging role at Avia Technologies to leverage technical expertise in full-stack development and contribute to innovative projects.

## EDUCATION

---

- |  |                           |
|--|---------------------------|
| • <b>Bachelor of Technology, Sharanbasva University</b><br><i>Computer Science and Engineering</i> | 2019 – 2023<br>CGPA: 8.23 |
| • <b>Pre-University College, Sharanbasava PU College of Science</b><br><i>Percentage: 69</i>       | 2016 – 2018               |
| • <b>SSLC, Sharanabasaveshwara Residential School, Gulbarga</b><br><i>Percentage: 88.88</i>        | 2016                      |

## TECHNICAL SKILLS

---

- **Backend Development:** Java, ASP.NET, C (Intermediate)
- **Frontend Technologies:** HTML5, CSS3, JavaScript, Bootstrap, jQuery, Ajax
- **Databases:** SQL, MySQL
- **Version Control:** Git
- **Development Practices:** Agile, Sprint Planning, Code Reviews, Testing
- **Object-Oriented Programming:** Java, Python (Intermediate)
- **Additional:** ReactJs, DevExpress, Postman
- **Cloud Computing:** AWS

## EXPERIENCE

---

- |  |                     |
|--|---------------------|
| • <b>Software Developer</b><br><i>AVIA Technologies, Bengaluru</i>                     | Jan 2024 – Present  |
| • Designed and developed software solutions using Java and Bootstrap.                  |                     |
| • Implemented responsive designs with Bootstrap, HTML, and CSS.                        |                     |
| • Utilized JavaScript, jQuery, Ajax for dynamic web interactions.                      |                     |
| • Developed frontend and backend RESTful APIs.   |                     |
| • Used ASP.NET for server-side rendering and application logic.                        |                     |
| • Wrote SQL queries for data manipulation and optimization.                            |                     |
| • Tested APIs using Postman for functionality and performance.                         |                     |
| • Implemented validation mechanisms for data integrity.                                |                     |
| • Collaborated with cross-functional teams for project alignment.                      |                     |
| • <b>Java Full Stack Development Intern</b><br><i>Jspiders Technologies, Bengaluru</i> | Apr 2023 – Dec 2023 |
| • Developed web applications using Java and Bootstrap.                                 |                     |
| • Designed responsive user interfaces with HTML, CSS, JavaScript.                      |                     |
| • Utilized core Java and JDBC for backend development.                                 |                     |

- Participated in code reviews to improve code quality.
- Applied theoretical knowledge to real-world scenarios.
- Supported development projects ensuring timely delivery.

## PROJECTS

---

- **University Course Management System**
  - Developed comprehensive system using Java, HTML, CSS, JavaScript.
  - Managed course enrollment, schedule, and grade tracking.
  - Implemented features for student and faculty interaction.
  - Integrated email notifications for course updates.
- **Karnataka State Police Web Application**
  - Developed backend functionalities using Java.
  - Optimized performance through database indexing and query optimization.
  - Implemented authentication and authorization mechanisms.
  - Designed UI for reporting and data visualization.

## EXTRA-CURRICULAR ACTIVITIES

---

- Captained football team to national-level tournament finals.
- Engaged in web page cloning projects to enhance frontend skills.

## LEADERSHIP

---

- Demonstrated adaptability in diverse tasks and environments.
- Participated in continuous improvement frameworks like Six Sigma and Kaizen.

## COURSES AND CERTIFICATIONS

---

- **Data Analytics - Coursera**  
Completed coursework covering data analysis techniques.
- **AWS Certified**  
Certification demonstrating proficiency in Amazon Web Services.
